KITAGAWA-NORTHTECH, INC. increases customer support with the addition of a new Business Development Manager.

Schaumburg, IL – February 7, 2012 – KITAGAWA-NORTHTECH, INC. is proud to announce the appointment of Kevin Bennett, CPM, as the new Business Development Manager for the Northeast region.

Kitagawa-NorthTech responds to increased growth and heightened market demands with the appointment of Kevin Bennett, CPM, to the role of Business Development Manager for the Northeast region, with additional concentration on Doosan and Methods Machine accounts nationwide. Mr. Bennett's distinguished career spans across four decades with proven success and in depth knowledge in manufacturing which includes: process planning, material and tool selection, metallurgy and machinability, workholding design, CNC programming, production planning, computer sciences and is a certified project manager. Throughout his career, Mr. Bennett has strengthened business platforms for customers by providing turn-key innovative solutions, training and consultation. These assets will help further propel Kitagawa-NorthTech's promise to Redefine Productivity™ and create an ideal environment for outstanding success for customers.

About KITAGAWA-NORTHTECH, INC.
